

IMPORTANT

This document is intended for healthcare professionals.

According to the Medical Device Directive 93/42/EEC, mammary implants are Class III and sizes for mammary implants are Class IIa medical devices. They are intended to be used in the context of plastic, reconstructive and aesthetic surgery. GROUPE SEBBIN reserves the use of its devices for physicians trained in the techniques of plastic, reconstructive and aesthetic surgery.

Please read the instructions for use carefully before use. They are available in private access on www.mysebbin.com.

The SEBBIN mammary implants and sizes for mammary implants are CE marked by the notified body mdc medical device certification GmbH number 0483.

Dimensions of our implants may present slight variations to the ones mentioned into this document.

*GROUPE SEBBIN follows the Standard FR EN ISO 14607: 2018 for the surfaces classification of its mammary implants.
